FROM THE PRESIDENT'S DESK

Greetings fellow Mustang enthusiasts!!

It's June!! Hopefully the earth will dry up soon allowing us to enjoy the summer fun and sun. The fun begins with a club favorite show in Sapulpa. This year they are adding a cruise-in event for Friday night. Will have to hear a report on that at the June 4th meeting.

We are gearing up for our 40th Round Up in concert with Mid America's 45th anniversary week of events. If you haven't registered for the Mid America events do so soon. We have a link to their site on our homepage. If you are doing the show only register via our website as well… www.gccmustangs.com.

As always, many hands make light work. We are expecting a great turnout and awesome show… and that can only happen with your involvement. Contact Vice President and Show Chair Troy Rushing and tell him you are ready to pitch in. We need folks to direct parking and manning the entry gates. There may be a need for scribes to assist the judges in writing down the points. Great way to see some great Fords!!

In other news, we have been invited to partake in a community event June 18. A public relations company has asked us to bring some nostalgia to the residents where a huge number are military veterans… most ranging in age of 75 - 90 years old. This event is a big deal. Janice McGhee, member and website master, had her interest piqued when she heard about the veterans. Janice is the head of the local chapter of the Daughters of the American Revolution (DAR). DAR has partnered with Quilts of Valor who produces and gives quilts to veterans. Come to the June meeting to hear more as she plans to make presentations at the event!

In attendance to speak will be our city Mayor G. T. Bynum and Ken Busby CEO of the new Route 66 Interpretive Center that is slated to open in Tulsa.

Three of us have purchased new jackets from our new vendor. You may have missed the samples I brought to the May meeting. Two of these have been purchase while the third was purchase on-line. They come in Ford approved licensed boxes. Roger and I will get ours as soon as someone makes an order. Hint hint. When you purchase a jacket don't forget our charity The Little Light House will receive 10%.

Speaking of The Little Light House, we are continuing to accept the needed items found on page 8. Bring them to the monthly meeting and they will be delivered quarterly.

Check out the Comin' Your Way calendar on page 3 for other upcoming events… including our annual club picnic!!

See you at a meeting or an event soon!! Mustangs Rule!

Featured Pony in the GCCM Corral

Our Winter Blue 1969 SportsRoof has gone through a rebirth over the last 4 years. This June is her 50th birthday. My Dad and Mom purchased her in June, 1969 form a dealership in OKC. It was their first new car. Over the years, My grandparents had the car, used and abused her and kept her on their property rusting away.

Dad brought the car home from Sand Springs in April of 1995 and was bounced around from a couple of storage buildings to finally ending up in Dad's garage, 2012 in Broken Arrow. On my 48th birthday, Dad sold me the car so I could get started on the restoration. Floors, fenders, new hood, trunk lid and a slew of other new parts were purchased during the restoration.
Special thanks to the following:

Jeff Donnell – Thanks for the many hours of mechanical work and some still left to do. We trade out work on "Red" his 2007 GT500.

Ray Meyers: Trademark Collision – Thanks for letting me do most of the block sanding and finally Todd Little for the motor rebuild at Mustang One. Thanks, She purrs like a Mustang should. - *Derek Fritz*

20 Surprising Things Everyone Forgets About The Ford Mustang

#14 - Red, White and Blue

Most car companies have a specific color that resonates with the brand. The color might go way back to the inception of the vehicle, or could have something to do with the manufacturer's race team. For Mustang, these colors are appropriately red, white and blue.

When Mustangs first hit the market, blue was the primary color of choice. But over the years, red has taken control. In fact, 1 in 5 Mustangs come in some variation of red.

Mustangs have also come in a few more eccentric colors, including Springtime Yellow, Dusk Rose, and Playboy Pink. In recent years, black is the top selling color for Mustangs from the factory.
